ASSESSMENT OF STUDENT ACADEMIC ACHIEVEMENT

The Board of Trustees, faculty, and staff affirm that student learning is at the core of our purpose as a seminary. The ability to measure learning accomplishes two purposes: it allows us to demonstrate our accountability to our various publics, but, more importantly, it provides us with the capacity to impact and improve the degree of learning that occurs in our Seminary. The Seminary has developed a Plan to Assess Student Academic Achievement in accordance with accreditation standards. The plan ensures that the seminary has specific learning outcomes for each degree program and validates that students earning degrees have achieved those outcomes. Validity measures include instructor assessment, certification training, and evaluations by external professionals. The results of the assessment efforts are used to improve instruction and guarantee that our students can succeed in ministry endeavors.
